## Heading 2

Font Name Open Sans

Paragraph A wonderful serenity has taken possession of my entire soul, like these sweet mornings of spring which I enjoy with my whole heart. I am alone, and feel the charm of existence in this spot, which was created for the bliss of souls like mine. I am so happy, my dear friend, so absorbed in the exquisite sense of mere tranquil existence, that I neglect my talents.

Font Name Arial

### Adjectives

To design a website that is elegant/slick, easy to use and on trend.

### Designer Notes

This design is intended to be both professional yet casual in tone. The blues and grays are popular choices for interfaces. The brighter colours would be used mainly as header text colours, for icons, links or to accentuate specific elements of the site.

Simple sans-serif web safe fonts would be used to keep the body of the copy clean and easy to read.
